

# GRETNA COMMUNITY FOUNDATION

In 2011, Gretna Community Foundation (GCF) became an affiliate of the Midlands Community Foundation. The Gretna Community Foundation is under the 501(c)3 umbrella of Midlands Community Foundation allowing GCF's to be professionally managed while "building a foundation for our future."

We encourage you to learn about the legacies being created today, and join Gretna Community Foundation in supporting our future growth. Your input on potential projects to fund and the direction you want for the community is very important to our foundation board members and donors.

Fund Types: The Foundation allows donors to establish four basic types of funds:

General Fund: This fund will help supplement the Gretna Community Foundation's new and emerging needs or activities. It also will help support innovative programs for our growing community.

Designated Fund: These funds are used to support a specific program, cause or project such as the Public Library or Scholarships for High School and College students.

Field of Interest Fund: These funds can be designated to a particular area of charitable interest such as a health care fund or a fund for the arts.

Donor Advised Fund: The donor maintains advisory control of their irrevocable charitable donation and works with the GCF and the Midlands Community Foundation to help direct distributions to qualified charitable organizations that matter most to the donor.
